

BARTOSZ SZWUGIER

SOFTWARE ENGINEER | FULLSTACK, DATA ENGINEERING & GENAI

Kraków, Poland • +48 726 312 910 • b.szwugier@outlook.com • linkedin.com/in/bartoszszwugier • github.com/Bartosz-Szwugier

PROFESSIONAL PROFILE

Software Engineer with 2+ years of experience in fullstack web development, data engineering and GenAI. Focus areas: data pipelines on AWS, Grafana dashboards, AI skills, and clean, maintainable Python, JavaScript and TypeScript code.

PROFESSIONAL EXPERIENCE

Associate Software Engineer

Sii Poland, Kraków, Poland

July 2024 – Present

- **Data engineering:** design and implementation of pipelines that collect, clean, transform and aggregate data from multiple sources.
- **Metrics & dashboards:** Grafana dashboards presenting processed data for analysis and decision-making.
- **GenAI:** development of AI skills and GenAI-enabled capabilities integrated into existing workflows.
- **Fullstack:** web applications built with Vue, Vuex, React, Express.js, Django and FastAPI.
- **Cloud & DevOps:** AWS, Docker, NGINX, GitHub, CI/CD; Python, Node.js, PostgreSQL, Celery.

IT Intern

Aptiv, Kraków, Poland

Oct 2023 – Nov 2023

- One-month internship in a professional engineering environment: corporate IT workflows and software-related tasks.
- Support of assigned technical activities; teamwork, communication and problem-solving.

CORE SKILLS

Languages	Python (advanced) • JavaScript (advanced) • TypeScript (advanced) • SQL • PHP • C / C++ (improving) • Kotlin (basic)
Data & AI	Data pipelines & data engineering • Grafana • PostgreSQL • GenAI & AI skills
Backend	Node.js • Express.js • Django • FastAPI • Celery
Frontend & Mobile	Vue • Vuex • React • React Native • HTML5 • CSS3
Cloud & DevOps	AWS • Docker • NGINX • GitHub • CI/CD • Linux

EDUCATION

Bachelor of Science in Computer Science

Cracow University of Technology, Kraków, Poland

2025 – Present

IT Technician

Zespół Szkół Łączności, Kraków – technical secondary education

2020 – 2025

CERTIFICATES & LANGUAGES

Certificates	INF.02 – IT administration and local network systems • INF.03 – Web application and database development
Languages	English – C1 • Polish – native
Strengths	Fullstack & GenAI architecture • Automation and process improvement • Clean, maintainable code • Data visualization
Interests	GenAI, software development, web technologies, 3D graphics, emerging technologies, automotive technology
